

AquaresistcreteTM

Complete Concrete Solutions

Integral Waterproofing Solution

Challenges

Unwanted water seepage leads to frequent repairs.

Solution

Aquaresistcrete™ helps in waterproofing your structure

Key Advantages:

- Waterproofing and Chemical resistance properties remain intact even if the surface is damaged.
- Keeps water out or in as required.
- Cost effective solution.
- Effective against hydrostatic pressure.
- Enhanced durability and long term performance.
- Reduced risk of reinforcement corrosion.
- Non Toxic.

Applications:

- Basement and Retaining Walls.
- Swimming pools.
- Water retaining structures.
- Sewage and water treatment plants.
- Tunnels and Subways.
- Bridges.
- Foundations.
