

Enhancing Properties of structure with Megacrete®

Volume supplied	277 Cum
Area of application	Columns
Solution	Megacrete®
Location	Pune
Duration	1 Month

Project Description

**KRC INFRASTRUCTURE & PROJECTS
PVT LTD – SEZ**

Realty firms K Raheja Corp and Gera Developments have partnered to construct an IT-SEZ

Challenges

Project site required different grades of concrete. Maintaining the service and quality was the biggest challenge.

Since huge load would be coming to column, client required high grade concrete

Solution

RMC India team visited the site and suggested the use of Megacrete®. It is a high strength and high performance concrete. It also helps in decreasing the column size, thereby increasing the carpet are. The client was very much satisfied with the performance and quality of concrete supplied.
